E-Learning Solutions

For a Dynamic World

QUALITY, INNOVATION, AND CLIENT SUCCESS

Architecting **Future-Ready**
Learning Experiences

» Your Complete Ecosystem for Digital Learning Success.

Introduction: For over two decades, Nliven Technologies has empowered organizations across India and the USA with cutting-edge technology solutions. Our Virtual Learning division merges deep pedagogical insight with extensive IT expertise—including AI, Data Analytics, Cloud, and UI/UX—to craft learning experiences that are engaging, effective, and measurably impactful.

E-Learning Solutions

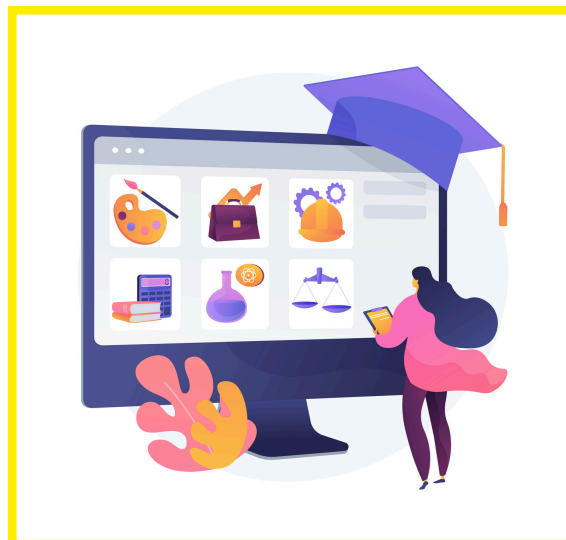

> e-Learning Content Development

Crafting engaging, interactive, and SCORM-compliant courses that maximize learner engagement and knowledge retention.

> LMS Selection and Setup

Choosing the right LMS can be overwhelming. We simplify the process by helping you select, configure, and launch the best platform—whether it's Moodle, Canvas, or Blackboard etc.

>> Your Complete Ecosystem for Digital Learning Success.

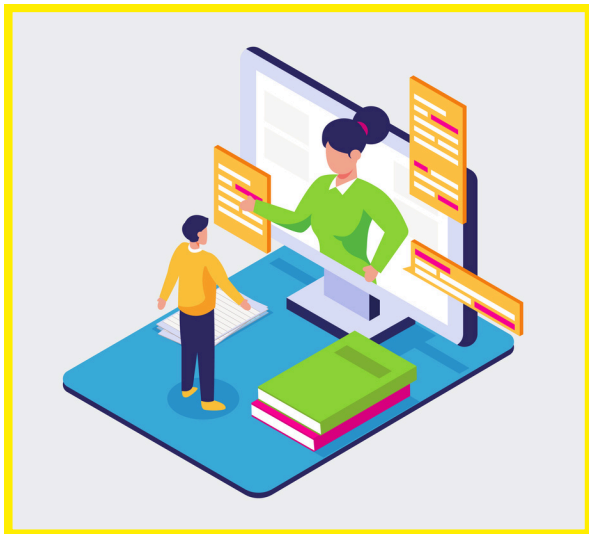

Custom LMS Development

Your LMS should fit your needs—not the other way around. We develop fully customized learning platforms featuring AWS cloud hosting, multi-role access (admin, educator, student), and seamless integrations with systems like Google Classroom and Freshdesk API.

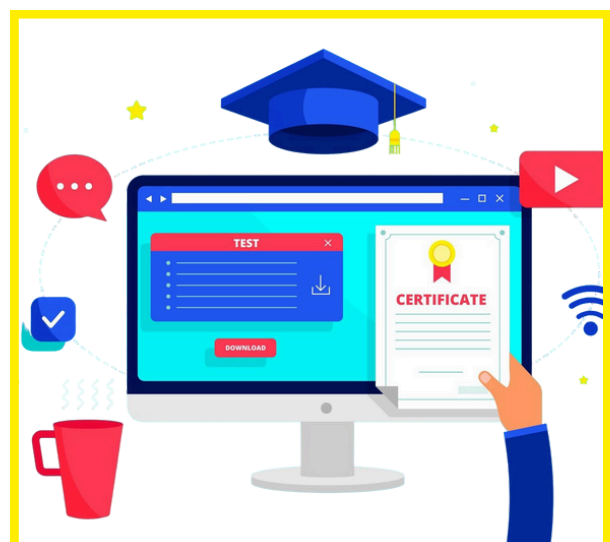

LMS Integrations & Automation

Streamline operations and boost productivity. We integrate your LMS with systems like NetSuite, Salesforce, and payment gateways to automate user enrollment, license tracking, and data syncing, minimizing errors and saving time.

Secure, Cheat-Proof Exams with Automated Certificates

Ensure cheat-proof online exams with advanced proctoring and automated certificate generation for credible results.

Your Complete Ecosystem for Digital Learning Success.

Educational Websites Design & Development

Attract more students with a high-performance, SEO-optimized website built on WordPress or Shopify. Showcase courses, integrate seamlessly with LMS platforms, and streamline student enrollment with Google Classroom compatibility.

IT & Server Management Support

Don't let downtime disrupt learning. Our cloud hosting and IT management services ensure 99.9% uptime with AWS, Google Cloud, and Microsoft Azure. Get proactive security updates, compliance checks, and scalable infrastructure tailored for education.

» Why Choose Nliven?

01

Integrated Tech Expertise

Leverage AI for personalization, Data Analytics for insights, AWS/Cloud for scalability, and expert UI/UX for intuitive learning—going beyond standard e-learning.

Truly Custom Solutions

We meticulously analyze your objectives, audience, and technical environment to design bespoke virtual learning solutions tailored to your needs.

02

03

Focus on Measurable Outcomes

Our solutions enhance knowledge retention, improve skills, ensure compliance, and deliver tangible results, backed by robust analytics.

» Why Choose Nliven?

04

Proven Global Delivery

Benefit from seamless project management refined over 23+ years serving clients globally from India and the USA.

Security & Reliability

Depend on secure, stable, and scalable learning platforms built by experienced technology professionals.

Our Client Success Stories

ENHANCING LEARNER ENGAGEMENT

Client

Leading US-Based Institute for Professional Courses

Challenge

Modernize outdated courses into Canvas LMS-based certification programs to boost retention and real-world skill application.

Nliven Solution

- **Canvas LMS Migration:** SCORM-compliant legacy content migration.
- **Interactive Skill Labs:** Simulations and branching scenarios mirroring workplace challenges.
- **Dynamic Certification:** Automated badges and progress tracking.
- **AI-Driven Learning Paths:** Personalized modules based on performance analytics.

Our Client Success Stories

CUSTOM LMS & GAMIFIED LEARNING

Client

Non-Profit Educational Institute Serving Kids, Adults & Parents

Challenge

Build a custom Canvas/Moodle LMS dashboard with tailored courses (Lectora), certifications, and community forums to engage diverse learners.

Nliven Solution

- **Custom Admin Dashboard:** Built a Moodle LMS-integrated dashboard for centralized course management.
- **Age-Adaptive Content:** Designed gamified Lectora courses (animations for kids, video guides for parents).
- **Community Engagement:** Created forums for peer mentoring and live Q&A sessions.
- **Automated Workflows:** Added certification badges and parental progress tracking.

Client Feedback

Nliven's solution transformed our driest certification module into our most engaging offering. Learners now actively request similar activities!
